Mid-Hudson Computer User Group, Inc.

Purpose:

We encourage education, professionalism and activities that promote the use of computers. Members range in experience from novice to professional. As a member you can:

- Meet others with an interest in computers.

Activities:

➔ **Monthly meetings** – where experts describe and demonstrate products and techniques and where problems are discussed and questions addressed.

We conduct our meetings in a professional manner, while maintaining a mix of entertainment and information. Most meetings will be of interest to members who are newcomers to computers as well as those who are more experienced.

- Learn how to best use your computer and software.
- Get the latest information on technology and products.
- Share your own computer knowledge and experiences.

Member Networking:

- ➔ open half-hour question and answer session prior to each meeting for all users.
- ➔ Help Line for members having problems with applications/hardware.
- ➔ support for members' business interests.

Special Events:

- ➔ annual trip to PC Expo in New York.
- ➔ support to Dutchess County Science Fair

- ➔ **A monthly newsletter** – contains news of club activities and computer-related articles, either written by fellow members or selected from other leading newsletters, and Websites.
- ➔ **Special Interest Groups (SIGs)** – made up of people interested in a particular computer-related subject.
SIG examples: Digital Photography, Mobile Computing, Upgrade/Repair, One On One Question & Answer.
Additional SIGs are encouraged – bring it up at any general meeting.
- ➔ **Web Site** – at www.mhcug.org. Page design and maintenance by members.
